

The path to better enforcement for road freight transport

MEP Wim van de Camp warmly invites you to a lunch debate on more intelligent, effective and efficient enforcement for road freight transport in the EU on

Tuesday April 26, 2016 12:30 - 14:30 hrs
At the Renaissance Hotel, Rue du Parnasse 19, 1050 Bruxelles

Improved enforcement for road freight transport is central in the on-going preparations for the revision of a number of EU rules for the market. Focus has been on better cooperation between national authorities, rules that are more enforceable and more effective, efficient and dissuasive controls and sanctions. A discussion on a different organisation of enforcement in the EU has also been on the agenda, such as an EU agency.

We invite you to a discussion on these issues and how to best proceed further in the EU seen from the perspective of the enforcement authorities and the road freight industry.

Guest speakers

Gerard Schipper	Euro Controle Route
Jan-Terje Mentzoni	Norwegian Road Hauliers Association/Nordic Logistics Association
Gerlo Grevelink	Nijhof Wassink, on behalf of Transport en Logistiek Nederland, Dutch association for Transport and Logistics
Jan Nemeč	IRU
